She's a big city girl in so many ways  
She walks and she talks up town  
She's got something hard to find now a days  
That keeps me hangin' around

She's a little bit country  
Makes me think of meadows and clover  
Apple pie and a puppy named Rover  
And the good old days

Now she don't know what cheatin' means  
I ain't got to teach her none of them things  
She's a little bit country  
And I got country ways

I've been around this trouble old world  
But I never found peace of mind  
Till I met that pretty little city girl  
Lord, you oughta make more of her kind

She's a little bit country  
Makes me think of meadows and clover  
Apple pie and a puppy named Rover  
And the good old days

Now she don't know what cheatin' means  
I ain't got to teach her none of them things  
She's a little bit country  
And I got country ways

Well, she a little bit of country  
And I got country ways
