(Snap your fingers)  
And I'll come running  
(Back to you)  
On bended knees

Snap your fingers  
I will come running  
I'll be true  
Take a chance on me

Let your light turn green  
Baby, I got to know  
Give me some kind of clue  
Should I stay or go?

Let me love you like a lover  
That you used to know  
Turn the key and let me in  
To the same old door  
(That same old door)

I had it, but lost it  
Now, I got a broken heart to mend  
I don't care what the cost is  
Got to find a way back in

So, snap your fingers  
Baby, I'll come running  
I'll do anything  
To get back again  
(Get back again)

I don't care what the cost is  
Got to find a way back in

So, snap your fingers  
Baby, I'll come running  
I'll do anything  
To get back again  
To come back again  
(To come back again)
