

## Dean Martin

### "That Old Clock on the Wall"

Visit "[That Old Clock on the Wall](#)" on [MotoLyrics.com](https://MotoLyrics.com)

(Ken Lane - Irving Taylor)

Like that old clock on the wall that keeps ticking night  
and day  
My heart will keep beatin' just for you  
Like that old river that flows and keeps rolling out to  
sea  
My love will go on my whole life through.

Like that old sun in the sky seems to hide when clouds  
come by  
And seems brighter when those clouds roll away  
Well, I make each day turn out fine just as long as you  
are mine  
With my heart beating for you through it all  
Like that old clock on on the wall.

(Like that old clock on the wall that keeps ticking night  
and day.)

--- Instrumental ---

(Like that old river that flows and keeps rolling out to  
sea.)

--- Instrumental ---

Like that old sun in the sky seems to hide when clouds  
come by  
And seems brighter when those clouds roll away  
Well, I make each day turn out fine just as long as you  
are mine  
With my heart beating for you through it all  
Like that old clock on on the wall...
