People worry about the pursuit of happiness  
It's amazing the amount of time and energy they spend  
When there's really only one approach  
To the present psychological trend

Kiss me, kiss me, kiss me, baby  
That's what I like  
Hold me, hug me, pet me, baby  
Oh, that's what I like

You don't have to give me  
Clever conversation  
I just want affection  
Not an education

Kiss me, hold me, hug me, baby  
That's what I like you to do  
And love me, love me, love me, baby, too  
Mmm, that's what I like, oh that's what I like

You don't have to give me  
Clever conversation  
I just want affection  
Not an education

Kiss me, hold me  
Hug me, pet me, baby  
That's what I like you to do  
And love me, love me, love me, baby, too

That's right, baby
