I'm headin' for the last roundup  
I gonna saddle old pink for the last time and ride  
So long old pal it's time your tears withdry  
Well I'm a headin' for the last roundup  
Now git along little doggie git along git along little  
doggie git along  
Yeah git along little doggie git along git along little  
doggie git along  
Well I'm a headin' for the last roundup  
Git along little doggie...  
I gonna saddle old pink...
