(Peddler Man, Peddler Man)

Come along ladies look and buy

Come along ladies don't be shy

Ladies, ladies here's the peddler man

I'm just a poor but honest peddler

I got a wagon and a donkey

If you need pots, I've got lots

Need a hat, I've got that

Take your time, I've got time

I'm still in my prime Peddler Man

Ten I love, nine I've forgot

Giddiup donkey, one more mile

Giddiup donkey, stop awhile

What a lot of pretty girls I've met

Ten I love, nine I forgot

Giddiup donkey, don't be slow

Giddiup donkey, home we go

To the only one I can't forget (Peddler Man, Peddler Man)

I like to hear the daughters calling

Oh mama mama here's the peddler man

You want a gown blue or brown

Want some hose, I've got those

Look and buy, don't be shy

I can satisfy (Peddler Man, Peddler Man)

(Ten he loved, nine he forgot)

Giddiup donkey one more mile

Giddiup donkey stop awhile

What a lot of pretty girls I've met

Ten I loved, nine I forgot

Giddiup donkey don't be slow

Giddiup donkey home we go

To the only one I can't forget (Peddler Man, Peddler Man)
