(1949)

(Three wishes just three simple wishes)

If I only had three wishes

Here is just what I would do

First I'd wish for days of gladness

With a someone sweet and true

For my second wish a dream house

Cozy fireside for two

And the last of my three wishes

Please love me as I love you

(If I only had three wishes)

(Here is just what I would do)

(First I'd wish for days of gladness)

(With a someone sweet and true)

For my second wish a dream house

Cozy fireside for two

And the last of my three wishes

Please love me as I love you

Please love me as I love you
