TURN TO ME

(Larry Kusik - Eddie Snyder)

If ever you need warm fan affection love and  
protection turn to me  
If ever you want someone who's tender darling  
remember turn to me  
Whenever you find the life's got you down I'll be  
around  
Any time night or day I'm only your phone call away  
I waited for you a half of my lifetime but I'll wait a  
lifetime  
If that's how it must be till you turn to me  
(If ever you need warm fan affection love and  
protection) turn to me  
(If ever you want someone who's tender darling  
remember) turn to me  
Whenever you find the life's got you down...
