

Dean Martin "When You Pretend"

Visit "[When You Pretend](#)" on MotoLyrics.com

Although you're stuck with Dean's there's money in
your jeans
When you pretend
The wolf that's at your door is not there anymore
When you pretend

Ah there's nothing you can't be
Just wish and see
Why the world's your cup of tea
Some dish says me

The happiness you find is all a state of mind
That's true my friend
And life is filled with happy endings
When you pretend

There's nothing you can't be
Just wish and see
The world's your cup of tea
Some dish says me

Ah the happiness you find is all a state of mind
That's true my friend
And life is filled with happy endings
When you pretend
