"Ad Viventes"

E mortuis, me duxisti
Dilecta mi, te consequens
Ad viventes, sed inferis
Nunc carens, excrucior

Now when death awaits me I am calm
I surrender to the burden of this life
All the signs are glowing in the dark
A final rest, a calling to the ones who are blessed
Ad viventes

Aetatis brevis, levitate
Elicitus, a tenebris
Dierum onus, me frangens
Sollicitus, corde ardens

Now when death awaits me I am calm
I surrender to the burden of this life
All the signs are glowing in the dark
A final rest, a calling to the ones who are blessed
Ad viventes

Now when death awaits me I am calm
I surrender to the burden of this life
All the signs are glowing in the dark
A final rest, a calling to the ones who are blessed
Ad viventes

Quasi praesens, tecum fui
Crevi lucem, a tenebris
Aetatis onus, me frangens
E mortuis, ad viventes
