Like Jesus. They've nailed my hands to the cross
You watch me bleed but I can see
You cannot feel, my sorrow.
No tears
'Cause I have nothing to regret
The things I've done is for the one, The Master that I
follow

I am the Demon, I am vengeance
I am the seven Deadly sins,
I am, I am the Demon
I am vengeance, I am the seven Deadly sins
I am your Black Heart

You fear me. I know your reasons; it's in your eyes
But putting me here won't end my time
I'll always be behind you.
You'll know me.
When I take off my disguise
You'll see yourself and realise
I'm the Black Heart inside you

I am, I am the Demon, I am vengeance
I am the seven Deadly sins,
I am, I am the Demon
I am vengeance, I am the seven Deadly sins
I am your Black Heart

I'm nailed to the cross, I can see that you feel no
sorrow
I'll die for the one, the blackest of all, The Master that I
follow

I am the Demon, I am vengeance
I am the seven Deadly sins,
I am, I am the Demon
I am vengeance, I am the seven Deadly sins
I am your Black Heart

I'm your black heart
