Close your eyes and you will see  
The perverted side of me  
Step inside to my world  
Of misery  
You gotta leave your pity life behind  
I will be your master and you'll find  
But there's no way out of here  
There's no way to disappear

I know you will believe, I know you'll be relieved  
So come here don't get scared  
Follow me, with darkness in our hands  
The night comes to an end  
Will set the pigs free  
So follow me

You know it's understood, doing wrong my demon  
good  
When there's no return throughout the word  
You know you should  
I'm not your devil and I'm not your god  
But I'm deep inside your weakened heart  
There is nothing left to learn  
Just to bring up a booger bird

I know you will believe, I know you'll be relieved  
So come here don't get scared  
Follow me, with darkness in our hands  
The night comes to an end  
Will set the pigs free  
So follow me

Look down at and you will see a fool  
Look up at me and you will see I god  
... and you will see yourself  
Follow, follow, follow, follow, meee

I know you will believe, I know you'll be relieved  
So come here don't get scared  
Follow me, with darkness in our hands  
The night comes to an end

Will set the pigs free  
So follow me.
