We're the righteous, we cannot fall  
We will get them and make 'em crawl  
You know we are not like them, we'll die for our true  
cause  
We're the sacred ones, we're the divine  
Take their dirty pride, eye for an eye  
It's time, it is time for you to finally abide

I am your God  
Stand up for me  
I am the one  
You better believe  
This life, this fight  
Is gonna end here tonight  
I am your God  
Stand up for me

Building hate cause this is a war  
Raising hell like never before  
We walk, we walk the path of righteousness once more  
With our heads high we will prevail  
We're salvation, we cannot fail  
Tonight the weakened ones are left in our trail

I am your God  
Stand up for me  
I am the one  
You better believe  
This life, this fight  
Is gonna end here tonight  
I am your God  
Stand up for me
