Infection on the spirit - One's so clean and pure  
Now has been invaded - By something obscured  
Tongues are spoken widely - Message from the dead  
Enter transformation - to a State of no return

Sicker - The only thing your body's turning  
Vomit paints the floor - in blood  
Disease - That won't come out through bible treatment  
The seed has begun - to grow

"Infected soul"  
Bitings in your gut, spikes nailed in your soul, shakes  
are getting worse  
Rotting deep inside - demonic - standing petrified  
You start to suffer inner conflict  
Bleeding you scream in agony - your world is now at  
one with it

Your body's turning weak, a suicidal need, is tearing  
you within  
In the mirror you see - "a rotten corpse"  
Still you are alive - and breathing - robber of life  
You painful suffer inner conflict  
You try to keep your sanity - the force crave what's left  
of it

[Solo: Karlsson]

Spewing - You start to choke on blood and innards  
This life soon will turn to - Death  
Cramping - Within your self there's heavy movement  
Something want's to exit - you'r soul

Labour - You feel it's coming out there's no escape or  
hiding - Panic now is total  
Gasping - Your innards coming with it, you are puking  
bowels - Launching birth through sickness

Starring - Before you lays a figure of unknown  
description - Shaped through inner conflict  
Helpless - Watch it disappear into the world your  
leaving - Sleep forever soulless
