Rooted now in my own palace, the fog around me  
seems to clear off and vanish.  
Embalmed surroundings, dormant and obscene,  
I'm shining, awaken in my dreams.  
I'm fleshless, I know what I must cause, destruction, I'm  
the fallen vanguard.  
On a surface dead, not breathing, a starless dome  
span the horizons up above  
Preserved existence, never more to sleep, heretic,  
blood to spill I seek.  
Agony, I am it not they, governing this prelude to  
madness.

Blasphemous I charge for what to be.  
Time for the erasing of the chains that help my soul in  
court to bleed.  
Eternal reign, my world.

They're the flock of debris, I'm the infinite serum.  
Weak they stand before me, dead shall be.  
Final end, celestial flaming.

Chaos in my chamber, I'll feed them to their maker.  
Weak they stand before me, dead Deity, I am the ever  
black risen.

From my ground, a born unbeliever, fallen once but  
now of the secured.  
In pure mayhem, saturated.

Hold the torch up on high, I taste it, I feel it as I lower it  
into the soon ignited sky.  
The sparks treats me with divine care.

[Solo: Karlsson]

They're the flock of debris, I'm the infinite serum.  
Weak they stand before me, dead shall be.  
Final end, celestial flaming.

Chaos in my chamber, I'll feed them to their maker.  
Weak they stand before me, dead Deity, ever black,

risen.

From my ground, a born unbeliever, fallen once but  
now of the secured.  
In pure mayhem, saturated.

Ashes and dust fulfils my ceremony, idols perished,  
their riches is no more and with them gone I seize my  
throne.

[Solo: Karlsson]

Cosmic god, this titan of the deep I have embodied  
and sworn to keep.  
Of all the secrets I know only one, my shadow's buried,  
my soul is not.
