

Spear Of Longinus "Shiva Dancing"

Visit "[Shiva Dancing](#)" on MotoLyrics.com

I am the dancer, the audience
The stage and the show
I dance divinely. I watch. I know

You are dance
You are all the movements of the universe.
Galaxies complete, planets suns.
In the dance we will meet
And you will say. "We are one".

Beware ye of the flesh
For the afterlife cometh...
Like a snake who sloughs his skin.
Like the forgotten dream upon awakening.

Beware ye of the blue throat
Thought impressions of desire may linger...
& gloom to be fulfilled, fear not,
The power of VEL is yours.
