Fire - Higher... Hail Sathan  
Ash - Gravel... Hail Typhon

Matchless weapons, raging fury  
First chief Kingu, first born  
To Vanquish Tiamat, the lord comes forth

Blazing - flame... Hail Sathan  
Storm - Chariot... Hail Typhon

From the south, the south he'll rise  
Lord Marduk, blur's their "Vision"  
Spells of Tiamat, tablet of destiny's no more.

Divine - lightning... Hail Sathan  
Evil - winds... Hail Typhon

Split her in two, channels of blood  
Earth has been created, Noth winds  
To bear it, to places unknown

Tightly - encircled... Hail Sathan  
No - escape... Hail Typhon

Hammered canopy, stretched to Tehom  
Earth suspended, in the void  
His powers, the waters did arrest

Above & belov... Hail Sathan  
Before & after... Hail Typhon

His energy, naughty one did cleave.  
His winds, hammered bracelet measured out.  
His hand, twisting dragon did extinguish

Beware ye, for the sine of Sathan, truly is 56,  
He shall rise from the south.Ragnarok is near
