When the music takes you don't stop
It's the way you move, you know what to do
Gotta give it everything you got
You know it's true so are you ready to?

Do your dance, here's your chance
Get your body moving
Do your dance, wanna see you just
Do your dance, now's your chance
Get your body grooving
Now's the time to start the party

Everybody just freak, go a little crazy
Get the dance floor shaking, push as far as you can
take it
Just freak, go into your own world
Let your body take over, go out of control and just
freak

Gotta work it turn it on now
Make it too extreme and set yourself free
No, you never wanna slow down
You know it's true, so whatcha gonna do?

Do your dance, here's your chance
Get your body moving
Do your dance, wanna see you just
Do your dance, now's your chance
Get your body grooving
Now's the time to start the party

Everybody just freak, go a little crazy
Get the dance floor shaking, push as far as you can
take it
Just freak, go into your own world
Let your body take over, go out of control

And just freak, go a little crazy
Get the dance floor shaking, push as far as you can
take it
Just freak, go into your own world
Let your body take over, go out of control and just

freak

No way to stop now, we're going all out
Everybody get your groove on all you want
Take it from the top and just freak

Everybody just freak, go a little crazy
Get the dance floor shaking, push as far as you can
take it
Just freak, go into your own world
Let your body take over, go out of control

And just freak, go a little crazy
Get the dance floor shaking, push as far as you can
take it
Just freak, go into your own world
Let your body take over, go out of control and just
freak
