Yeah, we was talking earlier and I was telling you  
Talking 'bout life, I feel like, life is like braided hair  
'Cause it's sorta like twist you know  
You know 'bout braided hair like twist  
You know three strands twist together  
Ultimately you get to where you wanna get to

From the same dirt from the heels of my ancestors  
There's naked road and the fields where the pain  
festered  
I wonder where the hold came from  
In the deeps of my heart make me yearn for the drum

It's the same place where the cross is burned  
The same place where the loss was earned  
It's the place where the floss was yearned  
Gold teeth and bling ice on the ring baby sure

We've all got things that are hanging about  
Things that make us cool, things that make us whack  
Things that make us mad, things we wish we never had  
done  
But they're just the things that make us real  
Not the maps to guide where we go from here  
The road twists and braids our hair until we all get  
there

I like that I don't know some mysteries  
Ancient things and beginnings  
Excited about the day when I don't have to hear all the  
theories  
My scalp needs some grease

It's the same place where the crosses burned  
The same place where the loss was earned  
The only way we all can learn  
Is if we have these braids with the twist and turns so

We've all got things that are hanging about  
Things that make us cool, things that make us whack  
Things that make us mad, things we wish we never had  
done

But they're just the things that make us real  
Not the maps to guide where we go from here  
The road twists and braids our hair until we all get  
there

Walking in the race of life, looking for my own space  
Not always wanting to but I have to  
Sometimes feeling like I've bitten off much more than I  
could chew  
But the wind goes though my hair lifts me up with ease  
not a crease  
Hair full of grease no weave embracing me  
It's you I see, I am you and you are me I see yeah

[Foreign content]  
I am you and you are me I see, yeah

We might survive as brothers, yeah, or perish here as  
fools  
Go place your bets don't bet too soon  
Yeah, you might find me in another feels like someone  
you once knew  
You know that face yeah we all do

We might survive as brothers, yeah, or perish here as  
fools  
Go place your bets don't bet too soon  
Yeah, you might find me in another feels like someone  
you once knew  
You know that face yeah we all do

We might survive as brothers, yeah, or perish here as  
fools  
Go place your bets don't bet too soon  
Yeah, you might find me in another feels like someone  
you once knew  
You know that face yeah we all do
