Exonerating prisoners

Condemned to an evil faith

Opinionated congregation

Causing larger separation

What denomination are you paying?

Gonna pay to believe today

Holy figures gone astray

Broken trust misconceptions

There's a revalation under way

There's no scrupulous conformity

Gone authorative deatee

I believe in raw hate, lost faith, raw hate

I believe in raw hate, lost faith, raw hate

I believe in raw hate, lost faith, raw hate

I believe in raw hate, lost faith, raw hate

I believe in what I have become

A revelation at war

Superstition is undone

A revelation waits

Perpetuating disregard

For disciples of religion

Revelation at war

Advocating adaptation

To the god forsaken

Validating destruction

And the desecration

Of the false traditions

We're at war

It's because I believe in raw hate, lost faith, raw hate

I believe in raw hate, lost faith, raw hate

I believe in raw hate, lost faith, raw hate

I believe in raw hate, lost faith, raw hate

Revelation at war

[Solo]

I believe in raw hate, lost faith, raw hate

I believe in raw hate, lost faith, raw hate

Revelation at war

Revelation at war

I believe in raw hate, lost faith, raw hate

Revelation at war
