Hatred for society  
What will it take for you to see?  
It's nothing but a fallacy  
Your fucked up reality

Sovereign authority  
Can't tell me who the fuck to be  
Already dead to me  
Not even sorry

So go on making your rules your way  
Throw the bullshit out of your way  
Honesty it never pays  
In a world that treats you like a stray

Setting me off when you're setting me up  
And you're pointing fingers at me  
Setting me off when you're setting me up  
And you think you're better than me  
Well you're not!

Shallow, empty  
Puppets you aspire to be  
Ignorance dominates  
Followers accumulate

Feeling hostility  
For your lame society  
Obsolete identities  
Force fed rules and false religions  
Leaving me to rise

[Solo]

Absolute majority  
Disregard authority  
Treat you like minority  
Not for me to tolerate

Setting me off when you're setting me up  
And you think you're better than me  
Setting me off when you're setting me up

And you're pointing fingers at me  
When I start

Flowing with insanity  
Hatred goed inside of me  
Searching through this maze  
Chosen path I can not stray

Intervention gets to me  
My position Final Plea  
God won't forgive me
