You've have nothing i never seen before
This time it's me who has the upper hand
Been down this road so many times
Who is better, who is best

Everyday, more and more
Pissed off ripped off
Desperate, empty hole
Want it all, all for free
Cut you in half, tear you down
All the things you'll never be

Shut-down, turned, bleeding in the streets
The engine's running hot
Blame no one else, done it to yourself
It's what your left with, it's all you got

Everyday, more and more
Pissed off ripped off, desperate, empty hole
It's in your hand, but it won't fit
Falling fast and fading quick
Look at it now it's turned into shit

Everyday more and more
Pissed off ripped off, desperate, empty hole
Sinking feeling, you know it's me
Cut you in half and tear you down
All the things you'll never be
