I've seen it al before, but I'm not cynical  
No I'm not anything at all  
The bluest eyes I've seen are slowly reddening  
And it hurts me to think

Cause I'm a man who just can't stand to see you crying  
for yourself

I listen to my heart, it's incredible  
If it makes sense at all  
the coolest eyes I've seen are slowly melting  
And it hurts me to sleep

Cause I'm a man who just can't stand to see you crying  
for yourself

Can I make you smile?  
Is that ok?  
Just don't waste your tears on me  
If I make you smile is that ok?  
Cause I'm a man who just can't stand to see you crying

I'm a man who just can't stand to see you crying for  
yourself  
I'm a man  
I'm a man
