Falling all around
I watch you winding down
Stay up late? Don't come around
Two o'clock at night
TV in your eyes
Don't need her to stay alive

Please don't let the sky go down on your love
please don't let the sky crash down on your heart
It's not the same without you

Falling all around
I watch you winding down
Stay up late? Don't come around
Two o'clock at night
TV in your eyes
Don't need her to stay alive

Please don't let the sky go down on your love
please don't let the sky crash down on your heart
Please don't let the sky go down
