I know you wanna love me,
And I know you can,
Alone but never lonely,
That's the way I am.
I know you must be thinking,
I'm playin' hard to get,
It's not you, I'm not ready yet.
You deserve to have the best by your side,
And I don't expect you to just sit around, wait around,
Some you win and some you might lose,
Some things just won't go down.
You and I might never be,
At least not that easily,
But let's take a moment or two,
To talk about me and you.

CHORUS

I promise I'll try,
If you stand by my side,
Just take care of me,
Be all you can be,
Forget my mistakes,
If that's what it takes,
And that's all that matters.
I know you try your hardest,
To give me what I need,
You showed me where your heart is,
Mine needs time to breathe.
It may not be broken,
But it's far from fine,
Your sweetest words spoken,
Will help it mend in time.
You deserve to have the best by your side,
And I'm not expecting you to sit around, wait around.
Some you win and some you might lose,
Some things just won't go down.
You and me might never be,
At least not that easily,
But let's take a moment or two,
To talk about me and you.

CHORUS (x4)
