Heading back where I belong,
Everyone has come and gone,
Faded and jaded won't return so easily,
Nothing's as it was before,
Once you leave you want it more and it's never forever.
I've been thinking about you lately,
I've been thinking about you lately (yeah),
I've been thinking about you lately,
And I don't know if it's wrong or right.

CHORUS

Everything's the same what you looking for,
There's no one you can blame for letting go,
It's never gonna change thought I'd let you know,
Back where you belong.
Looking for a better way,
To take me back to yesterday,
It's gone now and oh how I do things differently,
Maybe I should leave it be,
Step back from reality,
Never say never.

I've been thinking about you lately,
I've been thinking about you lately (oh yeah),
I've been thinking about you lately,
And I don't know if it's wrong or right.

CHORUS

I've been thinking about you lately,
I've been thinking about you lately (oh yeah),
I've been thinking about you lately,
And I don't know if it's wrong or right,

CHORUS (x2)

I've been thinking about you lately,
I've been thinking about you lately (oh yeah),
I've been thinking about you lately,
And I don't know if it's wrong or right.

(Repeat)
