Baby, when the lights go off

Let me break you off  
Baby when the lights turned off  
Let me break you off  
Baby when the lights turned off

When the lights turned off  
When the clothes comes off  
When this club is getting so damn hot

When I feel you here  
When I need you dear  
When the sex is getting so damn real

When I break a sweat  
When you getting there  
When you slam your body just can't quit

When I break it off  
Never get it enough  
Oh baby when the lights turn off

When the lights turned off
