I'm disconnecting
All my connections
And then I'm burning junk
I made a deal
With my bad intentions
Like carving fucking punk

To all of my former friends
Victims of down-sizing
Say hello to my new beginning
I think you'll like it
I don't want to be unkind
But it's layoff time
And you seem to meet
The qualifications

Chorus:
All your innocence
Is bringing me down
Now I'm economized

I'll tell you a thing or two
Looks like I lied to you
That's one of the things I do
And I don't care
Guess that's the way it goes
And only god knows
By the way boy
My name is god

Chorus:
All your innocence
Is bringing me down
'cause now I'm economized

All I see - is all I know
And, oh yeah, - this is not a show
It's just part - of my history
That one small difference
Between you and me
And by the way - just one last thing
I'm really thankful - To have this shit behind me

Chorus:
All your innocence
Is bringing me down
'cause now I'm economized
