What are you gonna do  
Now that the playing field is fair?  
When survival of the fittest  
Is just another human error?

People are a game you know so well  
And every good idea is something else to sell  
What are you gonna do (when no one's buying)  
(yeah WHAT? Super-brain?)

Walk around lookin' for a sign of life  
Your hand is in your pocket and in your pocket is a  
knife  
(and the question) Isn't who to kill but who to kill first  
'cause the "bad guys" are getting worse  
(and they're EVERYWHERE) so what are you gonna do?

Chorus:  
Today  
In a level playing field  
Where you're not the only asshole  
Today  
In a level playing field

What are you gonna do  
Now that the playing field is fair?  
With your finger on the trigger  
And the barrel to your head  
Pull the motherfucker  
Pull it now cause you gotta get out  
If you don't know how  
What are you gonna do?

Chorus:  
Today  
In a level playing field  
Today  
Where you're not the only asshole  
Today  
In a level playing field
