Give me a beer and a goddamn gun  
And I'll take you fucking soul  
There's a little bit more to being young  
Than always feeling old  
All you people you stand around  
Waiting for that pre-paid  
Inspiration

Lead or follow - Or move aside  
Stand or fall -Set an example

If it wasn't true it'd be a joke  
Where no one ever laughs  
You've got no opinion  
'cause no one ever asks  
All your problems  
Don't mean shit to me  
They're all you got man  
They're all you see

Lead or follow - Or move aside  
Stand or fall - Set an example

Give me a beer and a goddamn gun  
And I'll take you fucking soul  
There's a little bit more to being young  
Than doing what you're told  
All you people you stand around  
Hey man, you look good standing around
