To survive in this world  
You've got to know just who your friends are  
(if you got one)  
And oh yeah - Your enemies  
Keep your head and your eyes  
At all times wide open  
And if you have to, man  
Be ready to move

It doesn't have to be this way  
If you ignore and disobey  
Or spread confusion and dismay

Chorus:  
'cause they'll stop at nothing  
To get what they want  
'cause they'll stop at nothing  
So why should you  
They'll stop at nothing  
So make them work  
'cause they'll stop at nothing  
Stop at nothing

Here's a tip steal a gun  
And then learn how to use it  
'cause you never know brother...  
Or get used to abuse  
'cause you're gonna get a lot of it  
And there's enough to go around

I know it don't sound nice  
But I'll stand by my advice  
'cause I understand these things

Chorus:  
'cause they'll stop at nothing  
To get what they want  
'cause they'll stop at nothing  
So why should you  
They'll stop at nothing  
So make them work  
'cause they'll stop at nothing

Stop at nothing

Hey you, here's something you could do  
Steal their girl and boyfriends too  
Then get a lawyer and sue  
For disappointment why not?

Chorus:

'cause they'll stop at nothing  
To get what they want  
'cause they'll stop at nothing  
So why should you  
They'll stop at nothing  
So make them work  
'cause they'll stop at nothing  
Stop at nothing
