If you didn't come to dance then you don't want the
funk

If you didn't come to dance then you don't want the
funk

If you didn't come to dance then you don't want the
funk

(We want the funk)

If you didn't come to dance then you don't want the
funk

(We want the funk)

If you didn't come to dance then you don't want the
funk

(We want the funk)

If you didn't come to dance then you don't want the
funk

(We want the funk)

Dig it, the mic is mine

I'm the incredible man with the gift of gab

And when I speak you'll be doin' the freak

So if you don't want the funk then you a punk

Everybody out of they chairs should go for theirs

And if you can find anyone better or as bad as mine

That's thick as a dreadlocks and rocks like Lenny

Kravitz

Then you done great, you done good

Wait, I hope they told you I'll explode to any track

I'm back on top, ready to drop bombs

I'm the only rapper that can rap like this, then do the
twist

So hold up, wait a minute

Let's put the boom back in it to show the Joneses can
win it

And that's my crew, that's my clan, that's my posse

The niggaz with the funky tunes, turn up the volume

All you ballers with your '64 Impalas

And bass comin' out of your trunk, you better holla if

you want the funk

If you didn't come to dance then you don't want the funk

(We want the funk)

If you didn't come to dance then you don't want the funk

(We want the funk)

If you didn't come to dance then you don't want the funk

(We want the funk)

If you didn't come to dance then you don't want the funk

(We want the funk)

Word now everybody get up then sit back down and yell

(Ho)

The nigga rolls back with a verse and it gets worse
By worse I mean, better than you and I can do
Cruise and never lose in fights

Because I write and flip scripts

I rip up punks and do a cheer, think I'd ring the funk bell, yell

(Party over here)

Now peep what I brought and maybe I even got
A million funk styles for ya, baby

In stacks, so when I rap the claps come

Through I'm new but been hearin' cheers for years
And fear is a mind state, I rip up raps and do up dance stuff

The great Ahmad, if you agree then nod

Your head like this or like that I can rap with anyone

And still won't fall, I do it all so y'all kids with tapes on your shelves

And twelves boomin' out of your trunk

You better yell if you want the funk

If you didn't come to dance then you don't want the funk

(We want the funk)

If you didn't come to dance then you don't want the funk

(We want the funk)

If you didn't come to dance then you don't want the funk

(We want the funk)
If you didn't come to dance then you don't want the
funk
(We want the funk)

If you didn't come to dance then you don't want the
funk
(We want the funk)
If you didn't come to dance then you don't want the
funk
(We want the funk)

Well, I'm still kickin' the funk, don't believe it, you don't
have to
But bet a buck, you gon' believe it when I leave it stuck
Imprinted through a rhyme I invented
To indent your skull 'cause I got soul

Everybody get ready then set go
And when I let go of the microphone get your jam on
But one more thing before I sing 'cause I'm fat and ask
for you
Please get off your rump and scream if you want the
funk

If you didn't come to dance then you don't want the
funk
(We want the funk)
If you didn't come to dance then you don't want the
funk
(We want the funk)

If you didn't come to dance then you don't want the
funk
(We want the funk)
If you didn't come to dance then you don't want the
funk
(We want the funk)

If you didn't come to dance then you don't want the
funk
(Party over here, bust you over there
Party over here, bust you over there)
If you didn't come to dance then you don't want the
funk
(Party over here, bust you over there
Party over here, bust you over there)

If you didn't come to dance then you don't want the
funk
(Party over here, bust you over there)

Party over here, bust you over there)
If you didn't come to dance then you don't want the
funk
(Party over here, bust you over there
Party over here, bust you over there)

If you didn't come to dance then you don't want the
funk
(Party over here, bust you over there
Party over here, bust you over there)
If you didn't come to dance then you don't want the
funk
(Party over here, bust you over there
Party over here, bust you over there)

If you didn't come to dance then you don't want the
funk
(Party over here, bust you over there
Party over here, bust you over there)
If you didn't come to dance then you don't want the
funk
(Party over here, bust you over there
Party over here, bust you over there)

If you didn't come to dance then you don't want the
funk
If you didn't come to dance, then you don't want the
funk

We want the funk
Give me that funk, baby, give me that funk
(We want the funk)
Give me that funk, baby, give me that funk
(We want the funk)

Give me that funk, baby, give me that funk
(We want the funk)
Give me that funk, baby, give me that funk
(We want the funk)

Give me that funk, baby, give me that funk
(We want the funk)
Give me that funk, baby, give me that funk
(We want the funk)

Give me that funk, baby, give me that funk
(We want the funk)
Give me that funk, baby, give me that funk
(We want the funk)

If you didn't come to dance then you don't want the

funk
(We want the funk)
If you didn't come to dance then you don't want the
funk
(We want the funk)

If you didn't come to dance then you don't want the
funk
(We want the funk)
If you didn't come to dance then you don't want the
funk
(We want the funk)

If you didn't come to dance then you don't want the
funk
