Thank you sweet Lord for sending me songs
With You in my life I cannot go wrong
There's no one else for this I owe thanks to
So I write you these lines without further adue

Thank you Mama and Daddy for showing me love
Raising a boy like me I'm sure had to be tough
And now that I'm a man I wanna show my gratitude
So I write you these lines without further adue

CHORUS:

If you don't know by now I love you
If you don't know by now I'm missing you out here on
the road
If you don't know by now let me tell you
You're with me everywhere I go

To my friends and family of whom I have lost
For words expressing how much I miss you I am at a
loss
So before the Lord says my time has come and I leave
this world too
I write you these lines without further adue

CHORUS
