(Chorus)

This Letter I'm sending you
I'm sending with love
'Cause you're my friend
For whom I care dearly
I'll be sad if you take it
And just tear it up
Though I'll understand
Since I hurt your feelings

Please understand I was upset during our falling out
And all the harsh words said
I regret ever saying them now
I'm sorry
It broke my heart when I saw you cry
I miss you
And I long to look into
Your beautiful eyes

(Chorus)

Will you accept my apology
Can we put it all in the past
Can we please try one more time
To build a friendship that will last
Please give me one more chance to prove myself
I promise I will never forget
How precious you are

(Chorus)
