You cheered me up when I was down
You let me know you care for me
You let me know you are there for me

You've made me smile
You've made my sadness go away and my frown
You fill my heart with joy when you're near me
Now I thank the stars above because you're no longer
mad at me

Knowing that you said to me "It's cool"
Makes me hope to see you again
And I'm hoping that we can be friends

You've made me smile
You've made my sadness go away and my frown
You fill my heart with joy when you're near me
And I thank the stars above because you're no longer
mad at me

I want you to know that I care for you
And I'll be there for you if you need a friend

You make me smile
You make my sadness go away and my frown
You fill my heart with joy when you're near me
Yeah I thank the stars above because you've forgiven
me and you're no longer mad at me
