What makes this world go round
Will the answer let her down
She is so sweet and young
And her life has just begun

What does her future hold that's the story left unknown
Will she make it through her days,
Let our love lead the way

Part of me laughs (ooooh)
Part of me cries
Part of me wants to question why (question why)
Why is their joy
Why is there pain
Why is there sunshine and the rain
(One Day) One day you're here
The next you are gone (your gone)
No matter what we must go on
Just keep the faith
And let love lead the way

Everything will work out fine
If you let love... love lead the way

Sitting there all alone
In the window of her room
Watching the world go by
Brings tears to her eyes

All she sees is hurt and pain,
She wants to break the chain
She'll keep pressing everyday
And she'll find her own sweet way

Part of me laughs (... me laughs)
Part of me cries (I cry)
Part of me wants to question why (wants to question why)
Why is there joy
Why is there pain (so much pain)
Why is there sunshine and the rain (sunshine and the rain)

One day you're here (you're here)
Next you're are go (you're gone)
No matter what we must go on (I will go on)
Just keep the faith (keep your faith)
And let love lead the way (I know, I know, I know, ooh
whoa...)

You can be all that
And still can be who you are
You gotta know for sure
That it isn't make believe

You may feel weak
But you are strong
Don't you give up if...

If you keep holding on,
You'll never be wrong
Just close your eyes cause it lies deep in your heart,
yeah

Part of me laughs
Part of me cries (I cry)
Part of me wants to question why (question why...)
Why is there joy (so much joy)
Why is there pain (so much pain)
Why is there sunshine and the rain (sunshine and the
rain)
One day you're here (you're here)
Next you're are go (you're gone)
No matter what we must go on (I will)
Just keep the faith
And let love lead the way (lead the way)

Everything will work out fine
If you let love... love lead the way
Love lead the way
