"Here It Comes Again"

Hey, don't you worry, everything's alright you know  
We're gonna be just fine  
If the rain crashes down over you  
I will love you dry

There is nobody in this world could ever take me away  
from you  
I am always by your side  
If you need someone to guide you dear  
I'd like to try

Don't give up something you've never had before  
(Never could but we would together)  
I promise you this  
You're the one I adore

Here it comes again  
Filling my soul, never want to let go  
Here it comes again  
Be at one with your love as below so above

My love is flowing freer than a waterfall  
Beyond the edge of time  
Surrender to the emotion now we can fly  
We can fly

And you know there's a reason  
That we are who we are (who we are)  
I can not resist  
You're the one I adore

Here it comes again  
Filling my soul, never want to let go  
Here it comes again  
Be at one with your love as below so above  
Here it comes again

Just like there's always gonna be  
A place for you and me

A ship that we can sail on  
Just like if one and one were three  
And everything was free  
At the end of some rainbow  
Just like a needle and a gun  
A circle in a sun  
And a knock upon a hidden door  
It is you I adore

Here it comes again  
Filling my soul, never want to let go  
Here it comes again  
Be at one with your love as below so above  
Feel it coming again  
Filling my soul, never want to let go  
Here it comes again  
Be at one with your love as below so above  
Yeah yeah
