Ooooooww

One of these girls is doin' their own thing

(oh uh)

One of these girls is just not the same

We think she's sweet and pretty in pink

But you better beware, 'cause I ain't what you think

I'm always searching for a good time, night and day

She gets down in unusual ways

Gettin' my kicks, being naughty and cheeky

Dream on, babe your just freaky

Oh when we get together

We just come as a one

Doing mmm, mmm

And a whoa yeah

One of these girls is doin' their own thing

One of these girls is just not the same

I said, even though we're all doin' our own thing

Can't you see we're all playing a game

(oh uh)

Taking pride in myself, in the clothes that I wear

She's only teasin' to make you stare

She likes to do what the boys do

Getting dirty on the pitch

Chatting with the cup crew

Oh when we get together

We just come as a one

Doing mmm, mmm,

And a whoa yeah

One of these girls is doin' their own thing

One of these girls is just not the same

I said, even though we're all doin' our own thing

Can't you see we're all playing a game

(oh uh)

Pushin' in the clubs, queue jumping,

Giving all the boys a grief  
Giving lots of cheek and attitude,  
Keepin' our lovin' brief

Pushin' in the clubs, queue jumping,  
Giving all the boys a grief  
Giving lots of cheek and attitude,  
Keepin' our lovin' brief

You think they've got it?  
Well I've got it  
You've always got it  
No way, they won't get it  
Ah, come on  
Ohhh

Oh when we get together,  
We just come as a one  
Doing mmm, mmm,  
And a whoa yeah

One of these girls is doing their own thing  
One of these girls is just not the same  
I said, even though we're all doing our own thing  
Can't you see we're all playin' a game  
(playin' that, oh, playin' that, oh)

One of these girls is doing their own thing  
One of these girls is just not the same  
(playin' that, oh, playin' that, oh)  
I said, even though we're all doing our own thing  
Can't you see we're all playin' a game  
(playin' that, oh, playin' that, oh)

One of these girls is doing their own thing  
One of these girls is just not the same  
I said, even though we're all doing our own thing  
Can't you see we're all playing a game (repeat)
