Get with it, with the M-E-M
Get with it, with the M-E-M
Get with it, with the M-E-M
Get with it
Get with the M-G-M-V-E
Guaranteed, guar..., g-guaranteed to blow your mind
Spinning all and under the galaxy
My baby and me, so far away
2000 years, some kinda fantasy
My baby and me, interstellar odyssey
Floating forever in zero gravity
Come together in intergalactic unity
Outer space girls
We're rockin' to the moon
Outer space girls
A universal groove
Outer space girls
G-force with a zoom
Outer space girls
Look out Venus, we'll be comin' soon
Get with it, with the M-E-M
Get with it, with the M-E-M
Get, get, get, get
Get with the M-G-M-V-E
Jupiter and Mars are ahead of me
Oh, are we trippin' out or is that heaven I see?
Spice Force 5 singing "Wannabe"
Oh, cyber DJ on our frequency
Close encounters of the female kind
Get with the M-G-M-V-E
Guaranteed to blow your mind
Outer space girls
We're rockin' to the moon
Outer space girls
A universal groove
Outer space girls
G-force with a zoom
Outer space girls
Look out Venus, we'll be comin' soon
Yeah
Get, get, get, get...
Guaranteed, guar..., g-guaranteed to blow your mind

Close encounters of the female kind
Get with the M-G-M-V-E
Guaranteed to blow your mind
Outer space girls
We're rockin' to the moon
Outer space girls
A universal groove
Outer space girls

Look out Venus, we'll be comin' soon
