Ooooooo oooooooh oooooh

We're coming right back atcha, come on
This party begun
Jump to it

It's a brand new day
And I'm feeling things are going our way
Cos the girls are back in town
So don't come down
Cos the grove won't let your feet touch the ground
(yeah)

So look you're back
Did they thought we wouldn't make it this far
So proved you wrong again
Now look down
It's the spice girls with a very good sound
(Good sound)

We changed some ways
But we're still the best of friend
And never needed to pretend
Cause real friendship never ends

We're coming right back atcha, come on
This party begun
Jump to it cos the girls are coming back at you

Right back atcha this time
We're here to survive
Get ready cos the girls are coming back at you
(Right!)

Ooooooo oooooh ooooooo

Now
If you still want me all can it be
Cos we're coming back for more
Show me how
Falling out into your reality
Stronger than before

Every new old day

We never cross alone
The four of us have grown and our friendship never
ends

We're coming right back atcha, come on
This party begun
Jump to it cos the girls are coming back at you

Right back atcha this time
We're changing the vibe
In a way that keeps the girls are coming back at you

We do our thing
And we're still the best friends
So I don't need you to pretend
Cause real friendship never ends

We're coming right back atcha, come on
This party begun
Jump to it cos the girls are coming back at you
Right back atcha this time
We're changing the vibe
In a way that keeps the girls are coming back at you

Right back atcha, come on
This party's begun
Jump to it cos the girls are coming back at you

Right back atcha this time
We're changing the vibe
In a way that keeps the girls are coming back at you

Hey
We're coming right back atcha
We're coming right back atcha
Hey hey come on
We're coming right back atcha
Back atcha
