

## Spice Girls "Spice Invaders"

Visit "[Spice Invaders](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Ahhh... (Mel B & Emma) relax your mind.  
The spicy girls are here on the planet earth.  
Are you too spicy?  
YES!  
(whistling) Aye-yoo!  
This song is full of valid information. Information like  
(ring) never wee with your knickers  
on.  
Hold, hold (ring) a minute, that's my phone! (ring)  
Hello?  
Hello, um, about... I can't believe my... aaahhh  
It's um, it's a mad woman. Get lost!  
Melanie's always on the phone.  
I'm not always on the phone! I used to be always on the  
phone but now I'm not cause I've  
got ear rot.  
And she's always late.  
No I'm not, it's my driver, he drives slow. I like this bit.  
(whistling)  
(whistling) I've never been any good at whistling.  
You can hum then, not whistle.  
(whistling)  
Uh, hum? eh ha  
(humming) (Emma & Victoria)  
Where's Geri and Mel at this point?  
I think they're asleep.  
I thought it was a bit quiet.  
No, Geri's writin' a poem under a tree somewhere. And  
she's hugging that tree. Hug that  
tree, Geri!  
You'd never guess what, you'd never believe this.  
Alright listen to this.  
Oh... what is it, Geri?  
Oooh... what is it? Listen, listen listen. What is it? What  
is it?  
Friendship often survives the relationship from which it  
was neglected.  
What?  
Ignoring your conscience allows you to justify  
everything! Don't you agree?  
Geri, is you readin' that out of a book?  
Yeah. Ha ha

(humming) (Emma & Victoria)  
(ba, ba, bam) (Geri & Mel C)

La, la, la, la, la, la, la, la AHHHH!!!!  
That's what you got to do when you get really stressed,  
you just go AHHHH!!!!  
(clapping) (laughing)  
I should be over there eatin' my sweets, I think.  
You're so cute. Ginger! You're just so cute.  
Alright Ginge, how's your... beep!  
No, it's Ginger like Ginger Rogers. It's not like "ginge".  
Well, there's nothing wrong with being ginger.  
There is nothing wrong. I'm out of a bottle anyway.  
ha ha ha (Mel C and Geri)  
(humming) Baby, Posh and Ginger and we've got Scary  
and Sporty! Yeah!  
(humming) (Emma & Victoria)  
Mixed together in a cooking pot, you have the Spice  
Girls! (Mel B & Geri)  
(humming) (Emma, Victoria & Mel B)  
Ba, ba, blah  
(humming) (Emma & Victoria)  
I want that Indian bit to come again. Where is it?  
Ahh... we are the chosen ones...  
(humming) (Emma & Victoria)  
it didn't last very long, did it?  
(ba, ba, bam) (Geri & Mel C)  
(scatting) Lift your knee up, tap it to the left. Gonna lift  
your knee up, tap it to the left.  
That could be a new dance.  
(humming) (Emma & Victoria)  
(ba, ba, bam) (Geri & Mel C)  
Ha, ha. We don't wanna get in trouble now do we? No...  
I don't know what you mean by  
that, though. I... you know... I tried to be defensive...  
(ba, ba, bam) (Geri & Mel C)  
humming) (Emma & Victoria)  
Exactly...  
Exactly, exactly.  
I quite like that.  
Yeah, I do too.  
(thanks to the great L.P.)
