Take me away
Take me away ohhh...

I couldn't say how it happened
I couldn't say how the story began
But just like the music you came in time

I couldn't hold you forever
I couldn't change what I feel inside
But why did you come to my life anyway?

You bring me joy, and ever pain
Like sunshine colored by the rain
Just take my hand,
Baby you can lift me away

Take me away,
I could stay here forever, (ohhh...)
Take me away,
And there's nothing I can do, (ohhh...)
So take me away
Take me away with you...

I (i...) couldn't wait for tommrow,
I (i...) couldn't stand how our love should be,
There's somethings in life
You could never change,

You took my love
Knowing you again
Me sad and bust
I can never leave without you, love
Could only mean nothing to me

Take me away
I could stay here forever
Take me away
And there's nothing I can do, (ohh...)
So take me away
Take me away with you

Forever, forever, forever, sweet baby

Forever, baby, forever (ever), forever,

Take me away
I could stay here forever
Take me away,
And there's nothing I can do, (ohh...)

So take me away, take me away,
Take me away, (with you)
Forever, I could stay here forever
Forever and ever
And there's nothing I can do, (take me away)

Ohh baby, forever, so take me away,
Forever, take me away (ahh....),
Take me away, take me away, with you
Forever, ahh, forever, and ever,
Take me away, please take me
Forever (forever) forever, and ever, and ever
Take me away
