Were the spice girls yes in deed
Just girl power is all we need

We know how we got this far...
Geri:strength and courage in a wonderbra

Could this work with only one...
Emma:just with me i'd have no fun

Would this work with only two...
Mel B:we need more for what we do

Would this work with only three
Mel C:three's a crowd, bad company

Would this work with only four
Geri:no way girls we need one more

Listen up, take my advice
We need five for the power of spice

Give it up!give it out!
Take a stand!better shout!

1,2,3,4,5
Spice girls!
