When your push comes to shove
And your shove just don't amount to shit
I think I'll quit
But that ain't it
Making room for your lies
As you smell the chance to slight
And then smile inside
Just another fit, and I'm through with it

There's one true thing that I do believe
That I don't believe in you anymore

The easiest way to crucify the day
Is to brutalize what's inside
Make a wreck of your face
As they manage to fuse you
They make you a thief and warp all belief

There's one true thing that I do believe
That I don't believe in you anymore

Don't hand me this
Drape all your fears
You roll your eyes
I dress my size
And I won't believe it
And I won't believe in you
I won't believe it
I won't believe it
I won't believe it
I won't believe in you
(Shit)

Make it through, I will
Make it through to you cuz you're still
The bad element

There's one true thing that I do believe
That I don't believe in you

I won't believe it
I won't believe it

I won't believe it
I won't believe in you
I won't believe in you
I won't believe in you
I won't believe in you
(Fuck you)
