Don't ask if I believe you  
Cuz no one else deals in your pain  
No sense of smell as you step in my way  
I can't make everything okay

Why did you choose me this time?  
If I can't make this your crime  
If I won't make you feel this way  
Make you feel, make you feel it now

And I won't be left behind  
There's no soul left in your mind

You made up your mind just to measure me  
I won't be on your side if you measure me  
Tearing holes in my pride as you measure me  
Running bitch as I cry  
Measure me

Don't push to try and beat me  
You ditch the pressure anyway  
Just feel your back as you're crawling away  
I will face your every last hate

Why did you choose me this time?  
If I won't make this your crime  
If I won't make you feel this way  
Make you feel, make you feel it now

And I won't be left behind  
There's no soul left in your mind

You made up your mind just to measure me  
Running bitch as I cry  
To measure me

What went down in my veins was style  
And I break from your grasp to run alone  
Back to my pride and away from your side  
Don't look back for me this time

And I won't be left behind

Tearing holes in my pride  
You're tearing holes in my pride

You made up your mind just to measure me  
I won't be on your side if you measure me  
Tearing holes in my pride as you measure me  
Running bitch as I cry

Don't measure me, and I'm fine  
Don't measure me, this time  
Don't measure me, and I'll be fine  
Don't measure me, I am fine  
But don't you measure me, don't..
