Take me away to January
I'm done with this year, I'm tired of everyone here.
I just need some time alone,
Before I'm ready to come back home.
There's got to be something else out there for me
I could feel it in my heart the day I started to dream
There's more than this Midwestern town,
I can't let this place keep me down.

So I tell myself,

"There's a girl out on the coast of California,
There's a world out there and it's waiting for you."
And I can hear them calling my name tonight.

Take me away, I need the sand and the waves
The sunset and lets not forget those warm autumn
days
I just need to get out of here.
And visit the coast just to see her.
There's got to be something else out there for me.
I could feel it in my heart the day I started to dream.
There's more than this Midwestern town.
I can't let this place keep me down

So I tell myself,

"There's a girl out on the coast of California,
There's a world out there and it's waiting for you."
And I can them it calling my name tonight.

Take me away to January
I'm done with this year I'm tired of everyone here
I just need some time alone
Before I'm ready to come back home.
