

## Spinnerette "Cupid"

Visit "[Cupid](#)" on MotoLyrics.com

Cupid, don't you know that, that it's over?  
Cupid pulls the arrow, shoots it forward  
Cupid's armed for God a faithful soldier away

I want to... I want to leave here

Cupid's a heartless angel with a cruel composure, oh  
yes  
Cupid's fight with me as battles ancient  
Cupid don't you know that, that it's over

I want to... I want to leave here

Don't say that you aim to please,  
Don't say that you love love  
What's done is done, when it comes to me
