Since I met you I begun to feel so strange
Every time I speak your name that's funny
You say that you are so helpless too
That you don't know what to do

Each night I pray there will never come a day
When you up and take your love away
Say you feel the same way too
And I wonder what it is I feel for you

(chorus)

Could it be I'm falling in love [With you baby]
Could it be I'm falling in love [Woo]
Could it be I'm falling in love
With you
With you
With you
With you

I don't need all those things
that used to bring me joy
You make me such a happy boy
And honey you'll always be the only for me
Meeting you was my destiny

You can be sure I will never let you down
When you need me I'll be around
And darling you'll always be
The only for me
Heaven made you specially

(chorus)

And darling you'll always be
The only for me
Heaven made you specially

Could it be I'm falling in love [With you baby]
Could it be I'm falling in love [I wanna know now baby]
Could it be I'm falling in love
With you
With you

With you
With you

(sung simultaneously with chorus)
I walk around with my heart in my hands hey
Walk the street as long as I can baby
I used to sing fa fa fa fa
But right now I feel so good I sing la la la la
Once you get me up
Won't let me down
Just let this feeling carry me on
Skip the beats with my heart girl
