To the sun...
I feel so alive
Shine on me
Take me to the sky

The rain falls slowly down on me
Confusion colors rainboding
Nothing happened yesterday
Forever young we are today
Dreams of children's sympathy
Guilty thoughts all erase
Nothing happened yesterday

He tries
Give all his control
My senses
Already get away

The rain falls slowly down on me
Confusion colors rainboding
Nothing happened yesterday
Forever young we are today
Dreams of children's sympathy
Guilty thoughts all erase
Nothing happened yesterday

Take it on (6x)

The rain falls slowly down on me
Confusion colors rainboding
Nothing happened yesterday
Forever young we are today
Dreams of children's sympathy
Guilty thoughts all erase
Nothing happened yesterday (3x)
