

Spires That In The Sunset Rise "Sleeplike"

Visit "[Sleeplike](#)" on MotoLyrics.com

Mm, the darkness
Warms the emptiness
And I sleep to dream
Awaken

Mm, in the waves and
I am the sand
In my cracks
Threadlike head
The deep dew head

(Dark the world she lies
The powers grow inside)

(Stop the world she blinds
Colours in her eyes)

Mm, asleep the mind
Drew like you knew no time
You knew you drew your days

(Bonny-onny-onny-onny-onny-on-on)
(Bonny-onny-onny-onny-onny-on-on)

Between two notes
I came a wandering

(Bonny-onny-onny-onny-onny-on-on)
(Bonny-onny-onny-onny-onny-on-on)

Within the sound
I was wondering

(Bonny-onny-onny-onny-onny-on-on)
(Bonny-onny-onny-onny-onny-on-on)
